

Kevin Post Curriculum Vitae

phone: 226-339-1899 | email: kevin@beyondthepost.com

Kevin Post, owner of Beyond The POST, brings over 25 years of expertise in landscape architecture, construction, and maintenance, combined with 35 years of artistic innovation. This unique fusion of technical mastery and creative vision enables him to craft exceptional urban spaces that blend functionality with beauty.

As an ISA Certified Arborist, Kevin offers specialized insight into tree care, assessment, and sustainable urban design, ensuring healthier, greener communities. His broad skill set empowers his clients to achieve stunning landscapes that enhance property value and long-term sustainability.

Kevin has led diverse projects, from temporary display gardens, green roofs, and engineered wetlands to large-scale residential, commercial, and industrial developments. Whether serving as lead designer, project manager, or construction specialist, his hands-on approach ensures meticulous execution and outstanding results.

Clients benefit from Kevin's deep understanding of regulations, zoning laws, and environmental guidelines, eliminating guesswork and ensuring seamless project completion. His knowledge of crime prevention through environmental design and the health benefits of green spaces reinforces his commitment to creating urban environments that are both safe and restorative.
